Hey Mr. West,

I hope you are well.

Scribe is NOT locked down. With all the Scribe/data training and attention I have given you guys over the last few years, I certainly hope and assume you are capable of querying Scribe for what is needed. Let me know if I need to do it.

Marty

Afternoon John,

David has an information request concerning the sampling in Durango. The last time I had heard Scribe had been locked down because of privacy concerns, is there another way of pulling this data? Please let David know if there is anything you can do to help him with this request. Thanks.

Hi John,

Can you look up in scribe ... information that was noted for a Citizen Name/Ex. 6 in Durango (property owner see below message) in response to the Gold King Mine Response. We have an inquiry regarding Citizen Name/Ex. 6 that needs some attention. Thanks please cc correspondence.

David,

Could you call me to discuss this? I'm wondering if the contractor can run down some information for us before bothering Ken or responding to the property owner. Thank you, lw

Hi, Laura.

Thanks for your help with this. The address of the property in question is [Personal Address/Ex. 6] Lane, Durango, 81301.

The owner is [Citizen Name/Ex. 6] She said that Ken Rhames did the sampling at her property.
